

From a KCAM listener in October 2009:

“I just wanted to take a few minutes out of your day by saying Thank you so very much for all the wonderful things you folks have done over the years. If not for your service I do believe I would have been all alone in the bush. Many of days and nights were filled with your voices and at times wondered how I was going to make it and the only thing that kept me going was knowing when I got back to my tent I could warm up and hear your voices. I can honestly say you kept me from losing my mind.

I don't know what you all think about what you do but for me you were a life saver on more than one occasion. So without turning this into a novel THANK YOU! I love you all and hope you keep up the good work for many more years.”

Greetings from Portland Oregon!

Winter/Fall has finally caught up with us; as we left Arizona and then headed north up the west coast there was no avoiding it. So our family is re-acclimating to the colder climates and unpacking the winter clothing that Sarabeth smartly stowed away “in case” we needed it before we reached Alaska. The northern west coast has been beautiful with fall colors all around and we have really enjoyed getting to see our friends along the way and have been truly blessed by their hospitality and caring for us.

Praise the Lord that things have been relatively holding together at the Radio stations during this part of the trip, and prayers for the technical issues are greatly appreciated. Thankfully we were prepared with a spare power supply for one of our studio boards this week after a power outage took down one of our KCAM studios. We know that nothing lasts forever and thus the need to have someone to handle the technical side of radio – but prayer is definitely playing a large role in keeping the worst from happening, so again thank you. Also, we are looking forward to the end of critical short staffing as God is bringing people back together here at the beginning of November, thanks for keeping them all in your prayers as well.

We are excited to be a part of those returning, and we are looking forward to seeing how God will provide the remaining financial support that we need to be able to return this coming week. As we have begun this faith journey we have seen many people step out with us in trusting that God will provide for them and us. We are currently poised to jump into Canada and get on the Ferry from Prince Rupert, but have \$175/month more that is needed to put us at 100% pledged support. At 97.6% we only need 12 more \$15/month pledges! If you have prayed about and decided to help put us over the top and have sent in the pledge sheet (see attached), could you please let us know by email that you have done it and how much it is so that we can add it to the total pledges and see whether we can head out on Monday? Thank you for listening for God’s call in this matter.

We are enjoying a little bit of time with Sarabeth’s Aunt and Uncle here in Portland this weekend and after worshipping the Lord with them on Sunday morning, we plan to head out for Seattle and wait on Him to show us the next step. We are in His hands and will follow where He leads.

Partnering with you in His service,

Scott and Sarabeth Hill
